Never Turn Away

Save it for the next time Hands over my head Faintest sound of lightning Faintest sound I heard I'll never, No, No I'll never...

All around my body All around my feet Please they are watching now Placed around my feet

All around my body Please they are watching now

Save it for the next time Hands over my head Faintest sound of lightning Faintest sound I heard

I'll never, No, No I'll never... I'll never, No, No I'll never...

All around my body Please they are watching now
