

## Radio Waves

OMD

From the transmitter  
To the receiver  
Across the ether  
Out of your speaker

Radio waves have life  
Radio waves have life  
Machines are living too  
Working for me and you

From the transmitter  
To the receiver  
Across the ether  
Out of your speaker  
To the Baltic Fleet  
And Atlantic Fleet  
Faster than the breeze  
Over stormy seas

Radio waves have life  
Radio waves have life  
Machines are living too  
Working for me and you

Radio waves have life  
Radio waves have life  
Machines are living too  
Working for me and you

Through America  
To Albania  
Over Reagan's head  
Under Moscow's bed  
To the Warsaw Pact  
And the NATO Pact  
Down this cul-de-sac  
Never turning back

Radio waves have life  
Radio waves have life  
Machines are living too  
Working for me and you
