

Was It Something I Said

OMD

Was it something I said
Or something you read?
Is changing your mind?
Is turning you around?
Is somebody wrong
And somebody right?
What was it made up your mind?
What could change overnight?

And if all of your friends
Who used to be mine
Come down off the fence
And swear that you're fine
I can hate you no more
I can't even the score
Almost half of my life
Just fell right on the floor

Don't you come 'round here no more
Don't you waste my time
Don't you dare to phone me
Don't you even have me on your mind

Was there someone you know
Who won't let you go?
They're pushing you under
And bleeding you slow
They don't want your time
They won't give you mine
Their hands in your pocket
And your heart's on the line

I'm know I'm not perfect
I wanted to be
I have this big mouth
It always contradicts me
You say you don't know
I say anything goes
But if you think it's over
Then this you should know

Don't you come 'round here no more
Don't you waste my time
Don't you dare to phone me
Don't you even have me on your mind

Was it something I said
Or something you read?
Is changing your mind?
Is turning you around?
Is somebody wrong
And somebody right?
What was it made up your mind?
What could change overnight?

Was it something I said
Or something you read?

Is changing your mind?
Is turning you around?
Is somebody wrong
And somebody right?
What was it made up your mind?
What could change overnight?

Was it something I said
Or something you read?
Is changing your mind?
Is turning you around?
Is somebody wrong
And somebody right?
What was it made up your mind?
What could change overnight?

Was it something I said
Or something you read?
Is changing your mind?
Is turning you around?
Is somebody wrong
And somebody right?
What was it made up your mind?
What could change overnight?

Was it something I said
Or something you read?
Is changing your mind?
Is turning you around?
