

# Was It Something I Said

OMD

Was it something I said  
Or something you read?  
Is changing your mind?  
Is turning you around?  
Is somebody wrong  
And somebody right?  
What was it made up your mind?  
What could change overnight?

And if all of your friends  
Who used to be mine  
Come down off the fence  
And swear that you're fine  
I can hate you no more  
I can't even the score  
Almost half of my life  
Just fell right on the floor

Don't you come 'round here no more  
Don't you waste my time  
Don't you dare to phone me  
Don't you even have me on your mind

Was there someone you know  
Who won't let you go?  
They're pushing you under  
And bleeding you slow  
They don't want your time  
They won't give you mine  
Their hands in your pocket  
And your heart's on the line

I'm know I'm not perfect  
I wanted to be  
I have this big mouth  
It always contradicts me  
You say you don't know  
I say anything goes  
But if you think it's over  
Then this you should know

Don't you come 'round here no more  
Don't you waste my time  
Don't you dare to phone me  
Don't you even have me on your mind

Was it something I said  
Or something you read?  
Is changing your mind?  
Is turning you around?  
Is somebody wrong  
And somebody right?  
What was it made up your mind?  
What could change overnight?

Was it something I said  
Or something you read?

Is changing your mind?  
Is turning you around?  
Is somebody wrong  
And somebody right?  
What was it made up your mind?  
What could change overnight?

Was it something I said  
Or something you read?  
Is changing your mind?  
Is turning you around?  
Is somebody wrong  
And somebody right?  
What was it made up your mind?  
What could change overnight?

Was it something I said  
Or something you read?  
Is changing your mind?  
Is turning you around?  
Is somebody wrong  
And somebody right?  
What was it made up your mind?  
What could change overnight?

Was it something I said  
Or something you read?  
Is changing your mind?  
Is turning you around?
