

King of the Seven Seas

Omen

Oh, oh, oh save our souls

Thrashing the waves toss about
Another ship on the ocean
Yon, the beast on the icy waters
Deep and of this domain
Sleep dormant through sands
Of time from a nocturnal potion
The mythical curse he once ruled he will now
Regain... it's his claim

Unknowing victims sail on
Thru the night unconcerning
The serpent-awakened ascends to attack at will
Death awaits for the ships crew,
Waters start churning
Through fathoms of the depths
Leviathan rises to kill... and he will

As the demon pummels the ship is in strife
The survivors all swim for their lives
The ocean is raging as blood starts to rise
The beast shows no mercy in his eyes

S.O.S every seaman did plea
Oh, lord of the waters, oh, King of the 7 Seas
S.O.S from this travesty
Oh, God of the ocean, oh, King of the 7 Seas

S.O.S., S.O.S., S.O.S., ... Save our souls
oh, oh, oh revenge our souls

The vessel is wrecked and what's left
Of the crew are defeated
Poseidon bears witness to
Leviathans bloodthirsty binge
Beseeched to destroy the beast
That has timely retreated
Render the deed of the slaughtered
Their lives to avenge

Dead is the beast from the deep
Slain by the king of the 7 Seas
