

# Make Me Your King

Omen

Merlin we need your magic  
Against the evil one  
Maldonna reaches for your soul  
And there's no time to run

Make me your king  
I can rule with an iron hand  
Make me your king  
Time has come to make a stand

Merlin we need your magic  
For we are all alone  
Maldonna has power  
To become the force so strong

Bow down!

Refrain 1st verse & chorus

Make me your king  
(The dragon has awakened)  
I can rule with an iron hand  
(Look into his eyes and flame)  
Make me your king  
(He has taken to wing)  
I'll take control over all power  
(Tis the power inert)
