

Color of My Lips

Omi

She likes the color of my lips
she... say she really wanna kiss me
She likes the color of my lips
she... say she really wanna kiss me

Say you couldn't talk when you saw me at the mall
Gave you my number wasn't sure that you would call
Posted my picture on your facebook wall
Thought that you was frontin till you click the like button

She likes the color of my lips
she... say she really wanna kiss me
She likes the color of my lips
she... say she really wanna kiss me

Can't believe we're talking, we're really talking
Silly conversation, giggling and laughing
I call you my honey bunch, you say sugar darling
Snuggle up to me and then she whisper to me softly

She likes the color of my lips
she... say she really wanna kiss me
She likes the color of my lips
she... say she really wanna kiss me
