

## Drop In the Ocean

Omi

Waiting here patiently for you to say that  
You sent him on his way, you sent him on his way  
And I know you're worried, been tossing and turning  
It's keeping you awake, thinking it was a mistake

But it's time you knew he was no good  
Had to let him go  
You'll be fine, just reach out your hand now  
You got mine to hold

I'm telling you that ooh, we were meant to be  
Darling can't you see that I'm your whole wide world and he's a  
drop in the ocean?  
Ooh, wouldn't you agree  
I'm the only ship that's sailing on your sea and he's a drop in  
the ocean?  
He's a drop in the ocean  
Ha, a drop in the ocean  
Ha, a drop in the ocean  
He's a drop in the ocean

See what the earth brings and don't sweat the small things  
It's gonna be alright, it's gonna be alright  
It's only a moment, just keep moving forward  
And I'mma make you mine, yeah I'mma make you mine

But it's time you knew he was no good  
Had to let him go  
You'll be fine, just reach out your hand now  
You got mine to hold

I'm telling you that ooh, we were meant to be  
Darling can't you see that I'm your whole wide world and he's a  
drop in the ocean?  
Ooh, wouldn't you agree  
I'm the only ship that's sailing on your sea and he's a drop in  
the ocean?  
He's a drop in the ocean  
I'm telling you that ooh, we were meant to be  
Darling can't you see that I'm your whole wide world and he's a  
drop in the ocean?  
Ooh, wouldn't you agree  
I'm the only ship that's sailing on your sea and he's a drop in  
the ocean?  
He's a drop in the ocean, ha yeah
