

SING FOR LOVE

Omnia

Deep in the forest we reside
Enlightenment has opened our eyes
Snow lies sleeping around our cabin of felled trees
Like the wild ones we seek shelter within them

By the light of burning logs
Your notes throw shadow on your keys
While you sit and play and sing
So free and so at ease

Sing newaling a ring roho...

Your soul and being expressed
Trough the sound of your song
Sing for life
Sing for love

For only music
Can show you the way
For only the music
Can show you the way
The way to go
The way to go
The way to go
The way to go home
The way to go home
The way to go
For only the music
Can show you
The way
To go home...
