

## SING FOR LOVE

Omnia

Deep in the forest we reside  
Enlightenment has opened our eyes  
Snow lies sleeping around our cabin of felled trees  
Like the wild ones we seek shelter within them

By the light of burning logs  
Your notes throw shadow on your keys  
While you sit and play and sing  
So free and so at ease

Sing newaling a ring roho...

Your soul and being expressed  
Trough the sound of your song  
Sing for life  
Sing for love

For only music  
Can show you the way  
For only the music  
Can show you the way  
The way to go  
The way to go  
The way to go  
The way to go home  
The way to go home  
The way to go  
For only the music  
Can show you  
The way  
To go home...
