Deep in the forest we reside Enlightenment has opened our eyes Snow lies sleeping around our cabin of felled trees Like the wild ones we seek shelter within them

By the light of burning logs Your notes throw shadow on your keys While you sit and play and sing So free and so at ease

Sing newaling a ring roho...

Your soul and being expressed Trough the sound of your song Sing for life Sing for love

For only music
Can show you the way
For only the music
Can show you the way
The way to go
The way to go
The way to go
The way to go home
The way to go home
The way to go
For only the music
Can show you
The way
To go home...
