

In Sane World

Omnium Gatherum

But before you go
I will take you there
And you'll see what it's like
As the pale sky comes down with thrust
You'll thank me, thank you

After another
You'll take to your way
And I feel there's a side
As the night sky ascends
Our round is complete

And the rest of the days
Shall be mourned as one of them
Before you go
Go

At the corner of the eye, at the edge of sanity
At the edge of sanity
Edge in vanity
The end of clarity
Clarity

Left up
Right down
Right now
