

## The Threat Of Seduction

### On Thorns I Lay

And you hurt me inside  
Knowing and killing my pride  
Trying to take control  
Changing my path  
I fear the passion

I'm falling supporting in a dream  
The automatic future  
Seems like monster destiny  
Chaos, illusion of my mind

Echoes from nowhere  
Memories from emotions  
Broken desires  
Living thoughts

I fear you psychotic serenity  
Nervous disturbance of mind  
And waves of negatic energy  
Dying slow and tired
