

## When I'm Gone

## On Thorns I Lay

Save your self when I 'm gone  
Those wasted moments won't return.  
You will see me once again flying  
But then you are on your own  
When I 'm gone.

The time, we spend it in this world.  
I won't forget it 'cause life was so long.  
You will see me once again flying  
Or maybe dying.  
When I 'm gone.
