

# Could This Be Love

## One Chance

Could, Could, could this be love  
Could, Could, could this be love  
Could, Could, could this be love

The first time I saw you girl  
I knew that  
You'd be the one to change my world  
I'm so into you  
And everything I had before

Everything I had before  
Was nothing more  
Than infatuation (oh yeah yeah)  
But when you came through that door  
I became sure  
Of what I was to do

Could this be love  
Cause I never ever felt this way  
Could this be love  
Could it be love  
And if so I want this feeling to stay  
Could this be love

I tried, I tried to walk away  
From you,  
But my heart controls the things I say and do  
I'm so into you  
And everything I had before

Everything I had before  
Was nothing more  
Than infatuation  
But when you came through that door  
I became sure  
Of what I was to do

Could this be love  
Cause I never ever felt this way  
Could this be love  
Could it be love  
And if so I want this feeling to stay  
Could this be love  
Cause I never ever felt this way  
Could this be love  
Could it be love  
And if so I want this feeling to stay  
Could this be love

I think that you might be the one  
(think that you might be the one for me)  
I think that you might be the one

Could this be love  
Cause I never ever felt this way  
Could this be love  
Could it be love

Cause if so I want this feeling to stay  
Could this be love  
Cause I never ever felt this way  
Could this be love  
Could it be love  
And if so I want this feeling to stay  
Could this be love

Could, Could, could this be love  
Could, Could, could this be love  
Could, Could, could this be love  
Could, Could, could this be love
