One Chance

I got to start by thanking the lord because, I don't want to see no face more than yours.

Cause you got a kinda persona that would not be ignored, anymore. I got ya for sho.

I got you cause your, body is just the type I want against me. You with me. You the only girl I know that fits me, you get me. Feels like a love bug bit me, I gotta find you quickly cause I don't even know your name.

I'm hoping that you feel the same, I don't want you to think I'm insane.

But you just keep on looking my way I ain't shooting no blame cause I don't even know, I don't even know your name.

Girl I see you doing your thing but you've been on my mind all day and you just keep on looking my way and I ain't shooting no blame cause I don't even know, I don't even know your name.

There ain't a thing that I wont do for you, you want the sun I'll even bring the moon.

It's true, you got me high as the stars I think I'm seeing mars.

I'm sure, I want ya for sho.

I want ya cause your, just the type I want riding with me in the Bentley.

Even if the bank account was empty you with me, feels like a love drugs in me I gotta find you quickly cause I don't even know your name.

I'm hoping that you feel the same, I don't want you to think I'm insane.

But you just keep on looking my way I ain't shooting no blame cause I don't even know, I don't even know your name.

Girl I see you doing your thing but you've been on my mind all day and you just keep on looking my way and I ain't shooting no blame cause I don't even know, I don't even know your name.

We should make this more than a dream, let's take it around the world to places you've never seen.

Only thing I really feen for is loving you over, over, over and over again.

So baby give me that love, all that love.

Baby you complete me so I gotta find you quickly cause I don't even know your name.

I'm hoping that you feel the same, I don't want you to think I'm insane.

But you just keep on looking my way I ain't shooting no blame cause I don't even know, I don't even know your name.

Girl I see you doing your thing but you've been on my mind all
day and you just keep on looking my way and I ain't shooting no
blame cause I don't even know, know your name.
