

I Should Have Kissed You

One Direction

I keep playng it inside my head
all that you said to me
I lie awake just to convince myself
This wasn't just a dream
cos you were right there
And I should have taken the chance
But I got so scared
and I lost the moment again

It's all that I can think about
your all that I can think about

Is your heart taken
Is there somebody else on your mind
I'm so sorry, I'm so confused just
tell me - am I out of time
Is your heart breaking
How do you feel about me now
I can't believe I let you walk away
when I should have kissed you...

Every morning when I leave my house
I always look for you
I see you everytime I close my eyes
what am I gonna do...
And all my friends say
that I'm punching over my weight
But in your eyes I
saw how you were looking at me

It's your heart taken
Is there somebody else on your mind
I'm so sorry, It's so confusing
tell me - am I out of time?
Is your heart breaking
How do you feel about me now
I can't believe I let you walk away when
when I should have kissed you...

When you stood there
just a heartbeat away
When we were dancing
and you looked up at me

If I had known then
that I'd be feeling this way

If I could replay
I would have never let you go
