

# Long Way Down

One Direction

We made a fire  
Went down in the flames  
We sailed the ocean  
And drowned in the waves  
Built a cathedral  
But we never prayed  
We had it all, yeah  
And we walked away

Point of no return and now  
It's just too late to turn around  
I try to forgive you  
But I struggle cause I don't know how  
We built it up so high and now I'm fallin'  
It's a long way down  
It's a long way down, from here

We had a mountain  
But took it for granted  
We had a spaceship  
But we couldn't land it  
We found an island  
But we got stranded  
We had it all  
Who could've planned it?

Point of no return and now  
It's just too late to turn around  
I try to forgive you  
But I'm struggling cause I don't know how  
We built it up so high and now I'm fallin'  
It's a long way down, from here  
Such a long way down  
It's a long way down  
It's a long way down  
Such a long way down  
It's a long way down  
It's a long way down
