

# Something Great

One Direction

One day you'll come into my world and say it all  
You say we'll be together even when you're lost  
One day you'll say these words  
I've thought but never said  
You say we're better off together in our bed

I want you here with me  
Like how I pictured it  
So I don't have to keep imagining

Come on, jump out at me  
Come on, bring everything  
Is it too much to ask for something great?

The script was written and I could not change a thing  
I want to rip it all to shreds and start again  
One day I'll come into your world and get it right  
I'll say we're better off together here tonight

I want you here with me  
Like how I pictured it  
So I don't have to keep imagining

Come on, jump out at me  
Come on, bring everything  
Is it too much to ask for something great?

I want you here with me  
Like how I pictured it  
So I don't have to keep imagining

Come on, jump out at me  
Come on, bring everything  
Is it too much to ask for something great?

I want you here with me  
Like how I pictured it  
Is it too much to ask for something great?

You're all I want  
So much it's hurting  
You're all I want  
So much it's hurting
