

# Through The Dark

One Direction

You tell me that you said, "I lost your way"  
You tell me that your tears are here to stay  
But I know you were only hiding  
And I just wanna see you  
You tell me that you're hurt, and you're in pain  
And I can see it here, it's so in shake  
But I just wanna see your smile again  
See you smile again

But don't burn out  
Even if you scream and shout  
It will come back to you  
And I'll be here for you

Oh I will carry you over, fire and water for your love  
And I will hold you closer  
Hope your heart is strong enough  
When the night is coming down on you  
We will find a way through the dark

I wish that I could take you to the stars  
I'd never let you fall and break your heart  
And if you wanna cry or fall apart  
I'll be there to hold you

You tell me that you heard it's all in vain  
But I can see your heart can love again  
And I remember you laughing  
So let's just laugh again

But don't burn out  
Even if you scream and shout  
It will come back to you, back to you

Oh I will carry you over, fire and water for your love  
And I will hold you closer  
Hope your heart is strong enough  
When the night is coming down on you  
We will find a way through the dark

And you don't need  
You don't need to worry  
And you will see it's easy to love  
I know you wanna be loved

Oh I will carry you over, fire and water for your love

Oh I will carry you over, fire and water for your love  
And I will hold you closer  
Hope your heart is strong enough  
When the night is coming down on you  
We will find a way through the dark

Oh I will carry you over, fire and water for your love  
And I will hold you closer  
Hope your heart is strong enough  
When the night is coming down

We will find a way through the dark
