

# What a Feeling

One Direction

Through the wire, through the wire, through the wire  
I'm watching her dance  
Dress is catching the light  
In her eyes, there's no lies, no lies  
There's no question, she's not in a disguise

There's no way out and a long way down  
Everybody needs someone around  
But I can't hold you, too close now  
Through the wire, through the wire

What a feeling to be right here beside you now  
Holding you in my arms  
When the air ran out and we both started running wild  
The sky fell down  
But you've got stars in your eyes  
And I've got something missing tonight  
What a feeling to be a king beside you, somehow  
I wish I could be there now

Through the wire, through the wire, through the wire  
I'm watching you like this  
Imagining you're mine  
It's too late, too late, am I too late?  
Tell me now, am I running out of time?

There's no way out and a long way down  
Everybody needs someone around  
But I can't hold you too close now  
Through the wire, through the wire

What a feeling to be right here beside you now  
Holding you in my arms  
When the air ran out and we both started running wild  
The sky fell down  
But you've got stars in your eyes  
And I've got something missing tonight  
What a feeling to be a king beside you, somehow  
I wish I could be there now

Whatever chains are holding you back  
Holding you back, don't let 'em tie you down  
Whatever chains are holding you back  
Holding you back, tell me you believe in that

What a feeling to be right here beside you now  
Holding you in my arms  
When the air ran out and we both started running wild  
The sky fell down  
But you've got stars in your eyes  
And I've got something missing tonight  
What a feeling to be a king beside you, somehow  
I wish I could be there now  
I wish I could be there now
