

This Dying Day

One Fine Day

let go, there might be no tomorrow
you know that I'm the king of sorrow
and again I still hope
that out hearts can escape this misery, misery

I'm so scared of what lies beneath
but I keep on ignoring
everything must cease all else would be boring
but again isn't life
worth to keep on trying to be free, to be free

can you feel this dying day?
overcome our souls
when hearts turn black
I call the dawn for you

I'm so tired of waking up without you
everything now carries me to you
and again I know you're with me
and our hearts will escape this misery, misery

it's not over
I won't lie I won't lie down in chains
as long as blood runs through my veins
and I know I'm still breathing
when I melt down with you
don't let it go

can you feel this dying day?
overcome our souls
when hearts turn black
I call the dawn for you
for you
for you
just for you
for you (lalalala...)

can you feel this dying day?
overcome our souls
when hearts turn black
I call the dawn for you
