

# A Lifetime Burning

## One Less Reason

There's something wrong in her world today  
She screams aloud but just won't say  
Never was her strongest point to, hurry up a wait

Now it's all been said and done  
A preacher's daughter, a devil's son  
Her favorite color, a day alone  
No smile on her face

And you...  
Were wrong  
And you...  
Were wrong

'Cause I don't believe I failed you  
Are your lies still coming true?  
Do you still think the better days are gone?  
'Cause after all the things we've been through  
Years so hard to lose  
Give me a life of half love, half hope, half true  
Or a lifetime burning with you

And all those things he'd said he'd got  
Seemed so big but don't mean much  
Spends his days just praying  
"God oh, feeling in this way"

No one saw the broken heart  
Or even knew the day it started  
No one thought he was good enough  
Except for you...  
Except for you...

I don't believe I failed you  
Are your lies still coming true?  
Do you still think the better days are gone?  
'Cause after all the things we've been through  
Years so hard to lose  
Give me a life of half love, half hope, half true  
Or a lifetime burning...yea

You're gonna miss those things you're giving away  
You need to hold out, you're gonna break down  
You need to find your way back to the start  
Who cares what they say?  
It's still your heart  
Your heart...

Something wrong in her world today  
The one she loves, she threw away  
Still see it on her face, when she's got a smile to fake  
And all those things he said he'd got  
He cashed them in and it just wasn't enough  
To buy back a star to replace the one he loved

And you...  
Were wrong

And I...  
Was wrong

'Cause I don't believe I failed you  
Are your lies still coming true?  
Do you still think the better days are gone?  
'Cause after all the things we've been through  
Years so hard to lose  
Give me a life of half love, half hope, half true  
'Cause I'll take a life of half love, half hope, half true  
Or a lifetime burning...
