

September

One Less Reason

I saw your headlights in the window, my face was pressed against
the glass
I waited years for you to return before I learned that you were
never coming back

Im going to close my eyes before i start to scream

I'm dwelling on things I've never noticed, you won't save yours
elf you're never going to save me
I only stumbled once for a moment and it was over, I think I'll
close my eyes before i start to scream

You said todays the day goodbye just won't wait

If you need me to I'll wait until September.
It's come and gone Novemebers on it's way.
So easy to forget and hard to remember
The way to getting back our self esteem

The lines on your face are getting clearer, to me you'll always
be 23.
they said you wouldnt hold on too much longer but you're so muc
h stronger
then they ever thought you'd be

I'm going to open up and tell you everything.

If you need me to I'll wait until September.
It's come and gone Novemebers on it's way.
So easy to forget and hard to remember
The way to getting back our self esteem

No regrets. You've got no one left!
I hope that every step reminds you of the ones that you left.

If you need me to I'll wait until September.
It's come and gone Novemebers on it's way.
So easy to forget and hard to remember
The way to getting back our self esteem
They said you wouldnt hold on too much longer but you're so muc
h stronger
then they ever thought you'd be
