

# Fistful Of Nothing

## One Minute Silence

I had a fistful of nothing, then the penny dropped  
One for my troubles, from the very top  
What I wouldn't give  
Wise men in bubbles, my to make it pop  
The hot getting hotter, isn't easy is it  
What I wouldn't give

Sons killing brothers, seems a little twisted  
Air by the bottle, now you get the picture  
Doesn't matter does it  
(Come On)  
For the day is long and I just want to live

But the rope that's holding me's about to give  
(Come on, come on, come on, come on)  
And the truth is nothing more if not a bridge  
This is my purpose now to  
(Come on, come on, come on, come on)  
This is my purpose now to

Shine  
Shine  
Shine  
Shine  
A life time of promise, in the pity pool

I have a headful of knowledge, never went to school  
A lie if I'm honest, if I'm honest this is  
How philosophical, how philosophical of...  
Been there I've done it, up against it all  
The wars at the bottom, time to heed its call  
So instead they crawl, doesn't matter does it  
Though most can't be bothered  
(Come on)  
For the day is long and I just want to live

But the rope that's holding me's about to give  
(Come on, come on, come on, come on)  
And the truth is nothing more if not a bridge  
(Come on, come on, come on, come on)  
This is my purpose now to  
This is my purpose now to

Shine  
Shine  
Shine  
Shine

I have seen it all before my friends  
Take me out and show me where it ends  
Take me out and tell me where it ends  
I have heard it all before my friends

Are we closer? The beginnings in your head  
Are we closer? The beginnings in your head  
Are we closer? The beginnings in your head  
Are we closer? The beginnings in your head

Are we closer? The beginnings in your head  
Are we closer? The beginnings in your head  
Are we closer? The beginnings in your head

Are we closer? The beginnings in your head  
For the day is long and I just want to live  
But the rope that's holding me's about to give  
(Come on, come on, come on, come on)  
And the truth is nothing more if not a bridge  
(Come on, come on, come on, come on)  
This is my purpose now to  
This is my purpose now to
