

# Words

## One Minute Silence

Life

They fought and fell and died and never came home

Words

For words they fought and words they fell and words alone

War

I tried to see it your way, tried to see it your way, but words fail me

Life

Above all else if nothing else, I can't see my way again, I can't see my way again

So here we are

Dawn of a new day

Fuck how it looks

Fuck yesterday

I'm not saying forget

That's not what I'm saying

That's not what I'm saying

You make me feel like I'm nothing

But that's life

Yeah, that's life

50 million

A small price for freedom

My freedom

Fuck freedom if I'm not alive to live it

I'll fight for it

I won't kill or die for it

This is a rich man's world

Let the rich man fry for it

Strange

On no man's land for no man's land how brave how grand how very dead

Indeed

Hope

How many more if any more how many roads before the hand we hold is free

War

I've tried to see it your way, tried to see it your way, reasoned but with Reasoning life only echoes mine

Life

Above all else if nothing else, I can't see my way again,

I can't see my way again

So here we are

Dawn of a new day

Fuck how it looks

Fuck yesterday

I'm not saying forget

That's not what I'm saying

That's not what I'm saying

You make me feel like I'm nothing

But that's life  
Yeah, that's life  
50 million

A small price for freedom  
My freedom  
Fuck freedom if I'm not alive to live it  
I'll fight for it

I won't kill or die for it  
This is a rich man's world  
Let the rich man fry for it  
Peace

They fought and fell and died and never came home  
Words  
For words they fell and words they fought and words alone  
I've tried to see it your way I've tried to see it your way

Words fool me  
Words fail me
