

Time To Play With My Cock

One More Victim

Your fucking mouth is stuffed with the shit, as usual though
It's hard to believe that I've been eating it with pleasure for
some time
Whom I was then? Blind? Perhaps, a naive one?
It doesn't matter anyway
Only things is happening right now are important
For now, you're just one more whore for my needs
And nothing more...
My veins are swelling at the sight of you
There is a lust immediately appears in my head
Longing for take your neck in my arms, and than screw it gently
You think I'm insane? It seems to me, that I'm healthier than y
ou!
No. Not this time
It's better for you to forget about it
From now on you won't pain me anymore
I perfectly know such kind of people as you
You're all have the same crap on your mind. That's funnily...
That's fucking funnily
I think it's high time for you to play with my cock
