## One Night Only

Here old friend  
Come over  
And tell me a joke  
Why don't you

Don't hide from what you want  
Don't hide from what you want

One last chance  
Don't blow it  
Think I'm feeling fine today  
One last chance  
To make it  
Think I'm feeling great today  
Think I'm feeling great today

Dont hide from what you want  
Dont hide from what you want  
You want you want
