

Grow Old Die Young

ONE OK ROCK

I wanna dance till my legs break
I wanna love till my heart aches
I want the cause of my death to be amazing sex
And the love with my last breath

Let's grow old and die young
Let's grow old and die young
We ain't down, the best is yet to come
Let's grow old and die young

All the nights we were wasted
Not a minute was wasted
I want the cause of my death to be amazing sex
That I'll never forget again

Let's grow old and die young
Let's grow old and die young
We ain't down, the best is yet to come
Let's grow old and die young

Whoa, whoa
(Let's grow old)
Whoa, whoa
(And die young)

Slow, they say
Our days are numbers on the page
Can take our youth away

Let's grow old and die young
Let's grow old and die young
We ain't down, the best is yet to come
(And die young)
Let's grow old and die young

Whoa, whoa
(Let's grow old)
Whoa, whoa
(And die young)

We ain't down, the best is yet to come
Let's grow old and die young
