One By One

ONE OK ROCK

Heaven is all gone
Empty in my arms
You wanna see us be nothing nothing
Where do we belong?
We have to stay strong
We are an army of used up freaks

Standing on the battleground Standing on the front Can't see my way out Standing on the pinnacle Standing on the sun Can't see my way out

One by one we turn our hands to guns One by one they fall down

Kept down so long
Sick of living in the middle
If you stand for nothing
You'll fall for anything
Our time is now
We won't stand down
Wake up scream out
We are the chosen ones

Standing on the battleground Standing on the front Can't see my way out Standing on the pinnacle Standing on the sun Can't see my way out

One by one we turn our hands to guns One by one they fall down

Standing on the battleground Standing on the front Can't see my way out Standing on the pinnacle Standing on the sun Can't see my way out

One by one we turn our hands to guns One by one they fall down

One by one they fall down One by one they fall down One by one they fall down One by one they fall down
