

Take Me To The Top

ONE OK ROCK

Take me to the top
Take me to the top
Take me to the top Take it
Take me to the top
Take me to the top
Bring me up to pull me down

Take me to the top
Take me to the top Take it
Take me to the top
Take me to the top
You're the one to push me over

I've never what you really needed
You won't stop you can't stop can't let go
Everybody knows
Come with me and listen close
Take me now I'll take you home

Way too close when I'm far away from you
And all the crazy shit we do

Take me to the top
Take me to the top
Take me to the top Take it
Take me to the top
Take me to the top
Bring me up to pull me down

Take me to the top
Take me to the top
Take me to the top Take it
Take me to the top
Take me to the top
You're the one to push me over

I wonder why

Oh you do this to me every time
Slowly creeping into my mind
Oh I can see it in your eyes
Suffocating till the day we die

Way too close when I'm far from you
And all the crazy shit we do

Take me to the top
Take me to the top
Take me to the top Take it
Take me to the top
Take me to the top
Bring me up to pull me down

Take me to the top
Take me to the top
Take me to the top Take it
Take me to the top

Take me to the top
You're the one to push me over

I wonder why
