

## Center Of Attention

### One Tree Hill

You want your independance  
But you wont let me let you go  
You wanna test the waters  
And leave it on the empty shores

But I'll take my time if you want to  
And I'll give you what ever you need  
And I'll wait a lifetime to give it to you  
Give it to you

You think that you're the sun  
The whole world revolves around you  
The center of attention  
And everything is drawn to you

But I'll take my time if you want to  
And I'll give you what ever you need  
And I'll wait a lifetime to give it to you  
Give it to you

I willl wait a lifetime  
And I would wait for you  
(X2)

But I'll take my time if you want to  
And I'll give you what ever you need  
And I'll wait a lifetime to give it to you  
Give it to you
