

Center Of Attention

One Tree Hill

You want your independence
But you won't let me let you go
You wanna test the waters
And leave it on the empty shores

But I'll take my time if you want to
And I'll give you what ever you need
And I'll wait a lifetime to give it to you
Give it to you

You think that you're the sun
The whole world revolves around you
The center of attention
And everything is drawn to you

But I'll take my time if you want to
And I'll give you what ever you need
And I'll wait a lifetime to give it to you
Give it to you

I will wait a lifetime
And I would wait for you
(X2)

But I'll take my time if you want to
And I'll give you what ever you need
And I'll wait a lifetime to give it to you
Give it to you
