Don't Wait

One Tree Hill

The sky glows I see it shining when my eyes close I hear your warnings but we both know I'm gonna look at it again

Don't wait, Don't wait The road is now a sudden sea And suddenly, you're deep enough To lay your armor down To lay your armor down To lay your armor down

You get one look I'll show you something that the knife took. A bit to early for my own good Now let's not speak of it again

Don't wait, Don't wait The road is now a sudden sea And suddenly, you're deep enough To lay your armor down To lay your armor down To lay your armor down

Don't wait, Don't wait The lights will flash and fade away The days will pass you by Don't wait To lay your armor down (5x)
