

For Blue Skies

One Tree Hill

It's been a long year
Since we last spoke
How's your halo?
Just between you and I
You and me and the satellites
I never believed you
I only wanted to
Before all of this
What did I miss?
Do you ever get homesick?
I can't get used to it
I can't get used to it
I'll never get used to it
I'll never get used to it

I'm under that night
I'm under those same stars
We're in a red car
You asleep at my side
Going in and out of the headlights
Could I have saved you?
Would that've betrayed you?
I wanna burn this film
You alone with those pills
What you couldn't do I will
I forgive you
I'll forgive you
I'll forgive you
I forgive you

For blue, blue skies
For blue, blue skies
For blue, blue skies
For blue, blue skies
I'll forgive you
