

Overdue - Get Up Kids

One Tree Hill

You're a few years overdue
I spent them waiting here for you
Now your charity's refused
I can name a penance for abuse

Twenty four years overdue
What kind of role model are you?
Very least learn not to do
I think I might be over you

Do hope I won't
Learn to make
The same mistakes
That you would
Make me aware
That only fear
My only hope
Is letting go

Went on a limb for you
Capsized when I turned twenty two
Did it burn as bad for you?
No bottle serves to soothe my wounds

Do hope I won't
Learn to make
The same mistakes,
That you would
Make me aware
That only fear
My only hope
Is letting go
My only hope
Is letting go

My only hope
Is letting go

You're a few years overdue
I spent them waiting here for you
