

Stab the Judge

One Way System

First at the top of the tower
With a plan for the final hour
What will he do if it don't go right
First at the top of the tower
With a plan for the final hour
What will he do if it don't go right
Keep on running or stand and fight

Stab the judge was his crime
Stab the judge, he's doing time
Take revenge, I know I'm gonna
Take revenge, you know you wanna
Stab the judge

He waits for the judge to come in
With a knife for his greatest sin
What will he do if it all goes wrong
Keep on running but for how long

Stab the judge was his crime
Stab the judge, he's doing time
Take revenge, I know I'm gonna
Take revenge, you know you wanna
Stab the judge

The judge passed sentence over him
Revenge was quick but not so clean
Each one to prove his burning hate?
It's time to run before it's too late

Caught, just over the border
Arrested for the judge's slaughter
Locked away for the rest of his days
Revenge was quick but it didn't pay

Stab the judge was his crime
Stab the judge, he's doing time
Take revenge, I know I'm gonna
Take revenge, you know you wanna
Stab the judge
