## This Is the Age

## **One Way System**

This is the age of science fiction
But still you've got your drug addiction
This is the age of computer technology
But still you've got your brain psychology

You're computerised Then victimised You're animalised But paryalysed

This is the age of computer technology
But still you've got your brain psychology
This is the age of science fiction
But still you've got your drug addiction
