

All This Time

OneRepublic

Six on the second hand till new year's resolutions
There's just no question what this man should do
Take all the time lost, all the days that I cost
Take what I took and give it back to you

All this time we were waiting for each other
All this time I was waiting for you
We got all these words, can't waste them on another
So I'm straight in a straight line running back to you

I don't know what day it is, I had to check the paper
I don't know the city but it isn't home
You say I'm lucky to love something that loves me
But I don't as I could be wherever I roam

All this time we were waiting for each other
All this time I was waiting for you
Got all these words, can't waste them on another
So I'm straight in a straight line running back to you, yeah

Oh, running back to you
Oh, running back to you
Yeah

Oh, I would travel so far
I would travel so far
To get back where you are

All this time we were waiting for each other
All this time I was waiting for you
Got all this love, can't waste it on another
So I'm straight in a straight line running back to you
Straight in a straight line running back to you
Straight in a straight line running back to you
Straight in a straight line running back to you
