

# Made For You

OneRepublic

(One two three four one two three four  
One two three four one two three four)

I was riding thinking with my long hand  
Put dream to paper everything was sinking  
Then start to wonder how you're gonna handle me  
When I'm under, swimming in the darkest sea

Everybody wants to make it, it's all yours  
Everybody wants to take it, it's all yours  
Everybody wants to make it, it's all yours  
Everybody wants to take it, t-t-take it

Can you feel all the love?  
Can you feel all the love?  
You feel all the love  
Can you feel all the love like it was made for you?  
Like it was made for you  
Like it was made for you  
It was made for you

Tell me something, something that can move me  
T-tell me lies and I swear you're gonna lose me  
Like an ocean jealous of the fish  
It feeds you devotion, swimming inside of me

Can you feel all the love?  
(Everybody wants to make it, it's all yours)  
Can you feel all the love?  
(Everybody wants to make it, it's all yours)  
You feel all the love?  
(Everybody wants to make it, it's all yours)  
Can you feel all the love?  
(Everybody wants to make it, it's all yours)

Like it was made for you  
Like it was made for you  
Like it was made for you  
It was made for you

Can you feel  
Can you feel  
Can you feel

All the right friends in all the right places  
All the right moves in all the right faces  
All the right friends in all the right places  
All the right moves and all the right flaces  
(Can you feel all the love?)  
All the right friends in all the right places  
(Can you feel all the love?)  
All the right moves in all the right faces  
(Feel all the love)  
All the right friends in all the right places  
(Can you feel all the love?)  
All the right moves and all the right faces

All the right friends in all the right places  
All the right moves and all the right faces  
Ooh, oh, we're going down
