

Someone To Save You

OneRepublic

1. Patience

Took you for everything
Looked like a diamond ring
You are so much longer
That made sense
Apathy in disguise
Crept on you like a spy
Hurt you in ways
You can't describe

*: Back to the start now
I wont let you go this way now

R: Honesty

Is what you need
It sets you free
Like someone to save you
Let it go
But hurry now
Theres undertow
And I don't want to lose you now

2. All right

Sit down and spill your heart
Lets start from the very start
Cause i can see by your eyes
You're wasted
Your energy comes and goes
You taking your time, you know
Nothing can change what happened, you know

*:

R:

Now
Now
Oh my
Look at your bright stars fade so
How much can you take?

R:

Na Na Na Na Na Na (14x)
I said to save you
Save you
Save you
Someone to save you
What you need is
Someone to save you
