

Watching myself when I'm taking strides,  
But here comes the moon and it feels like an informer Quick, run away, hide before they see you,  
You know it is all, all aglow

Walking on water seems perilous,  
Now you got my trust and it feels, and it feels like sabotage  
When I'm pulling triggers back on myself  
You know it is all I know, is all I know

And it feels so real from the outside looking in  
And it feels so real from the outside  
From the out  
From the out, tyrant  
Tyrant, tyrant

Feel capable of most anything  
This crippled bear's gonna sing  
Gonna bring you all the years is  
Quick, turn around, look your shadows could,  
could not beautiful lies for you  
is what they do...

And it feels so real from the outside looking in  
And it feels so real from the outside  
From the out  
From the out  
From the out  
From the out, tyrant

I'll stay with apathy  
I'm blind but I can see  
The tyrant to the bone  
I'll stay with apathy  
I'm blind but I can see

Don't justify me  
Don't justify me  
Don't justify me, yeah  
Don't justify me  
Don't justify me  
Oh no, no, no, no, no, no, no

And it feels so real  
From the outside looking in  
And it feels so real  
From the outside  
From the out  
From the out  
And it feels so real  
From the outside looking in  
And it feels so real  
From the outside  
Oh, from the out  
From the out  
From the outside

Tyrant
