

...All my heroes, they let me down  
'Cause they're not the same no more  
All my hereos they let me down  
And I'm no the same no more  
When I said I prayed I'd die before you  
I meant in front of  
Back to ruin, back to ruin  
Disappointment came to me  
Disappointment came to mean  
Improve on an example or it could bring me back to ruin...
