### Only Living Witness

...All my heroes, they let me down  
'Cause they're not the same no more  
All my heroes they let me down  
And I'm no the same no more  
When I said I prayed I'd die before you  
I meant in front of  
Back to ruin, back to ruin  
Disappointment came to me  
Disappointment came to mean  
Improve on an example or it could bring me back to ruin...
