

Chaos Is King

Onslaught

Rising antichrist revolution treatys end
Darkest malefice unrelenting storm descends

Flames of unity firing hate
Burnt impurity ashes of faith
Skeleton paradise
Borders do extend

Welcome to my realm of chaos
Chaos, chaos, chaos
In death or glory chaos is my king

Toxic chemistry independence never tamed
Twisted zealotry nothing ventured nothing gained

Frag of liberty, symbol of law
Blood red legacy driven by lore
Dissident symphony marching off to war

Welcome to my realm of chaos
Chaos, chaos, chaos
In death or glory chaos is my king

Resolution hell on earth
Universal slaves
Nations of a new rebirth
Phoenix from an open grave

Propaganda masterminds
Fragmenting the truth
Speakers sending out the sings
Engaging with the disaffected youth

Only the strong will survive
There is no rewind
You freedom of speech now denied

Welcome to my world of chaos
Welcome to my world of chaos
Welcome to my world of chaos
Chaos, my world of chaos
In death or glory, death or glory chaos
Chaos, chaos, chaos
In death or glory chaos is my king
Chaos is my king
