

## Children of the Sand

## Onslaught

Hostile territory  
In a kingdom where the sun don't shine  
Cleansed of autonomy  
Disciples bringing death divine  
Scourge of the military  
Defenders of the holy ground  
Blind ideology  
The desert veils the serpents crown

Born in hatred  
Born to pray  
Fear conditioned to obey  
Serve the master  
Charge in hand  
Desecrate your god forsaken land

God send the children of the sand  
Self detonating  
God send the children of the damned  
The sacrificial lambs

War for supremacy  
Insurgents in a global rebirth  
Waves of atrocity  
A multi-national hell on earth  
Bloodline philosophy  
Indoctrinating twisted minds  
Schooled in extremity  
Inherent through the sands of time

God sent the plague of locusts  
God sent the hate disease  
God sent the dark september  
God sent the world of enemies
