Claiming this domain, cause mad pains
Blood stains, long range - cock gats!
Crazy clips, I sink ships, cutting faces like a pirate
I've never caught a flood, for the mad shit that I did

Cause I'm having a bad day, so stay out of my way
And we're the pistol packing people, so you better obey
Just in the nick of time, I commit the perfect crime
Rip my heart from my chest, put it right into a rhyme
