We Don't Fuckin Care!!!  
We Don't Fuckin Care!!!  
We Don't Fuckin Care!!!  
Who the fuck in here?!!!

Yeah, I guess I'm the guest of honor, I'm guilty  
I guess, your honor why niggas wanna test my honor  
It's honor amongst thieves I run with petty crooks  
Schemin on niggas like yo, that baby shook  
But he looked, to the ground, when you look him up and down  
Be by my Brooklyn side, you let the crooks inside  
And pride could be a man's worst killer  
I'd rather starve than be a purse stealer  
The worst feel us, 'cause we comin from a dark place  
I see the light, niggas runnin up on Park Place  
Every night you got the narcs chasin (Narcs chasin)  
The feds place every night will have your heart racin  
Half my niggas facin time in the system  
Never gave a fuck type of niggas don't listen, when you tell 'em  
Fall back or you're gonna be a felon but they keep on rebellin

We Don't Fuckin Care!!!  
Who the fuck in here?!!!

We Don't Fuckin Care!!!  
Who the fuck in here?!!!

Why should I fuckin care?! I never had shit!  
Moms gave birth to me on a pissy mattress  
Pops disappeared nigga taught me mad shit  
My idea of fun growin up is doin bad shit  
The first licks that I hit was fo' laughs  
No friends, I come around and niggas haul ass  
As far as I can 'member I been on the warpath  
I would, rob Peter and take all Paul cash  
So I'm, glad I was born with this eye like that  
With all them shiesty niggas gotta see behind my back  
My face the last thing you see besides my strap  
Birth take nine months but with a nine mill' you die like that!

So I'm lookin out for number one the world made me selfish  
Prayin is fuckin dumb we all goin to hell bitch!  
But I'm a mortal live forever like a shellfish  
Only the strong survive preyin off the helpless

We Don't Fuckin Care!!!

P! Bars will diminish your show tunes  
Best by far with Onyx and the Snowgoons  
Been tragic, my raps, been magic  
I pitch rocks with one arm, I'm Jim Abbott  
You been slackin what happened? I've been rappin  
Gem snatchin and laughin at your mens fashion  
P! The best is go guess  
My full crep on niggas you dress like Mos Def  
Uh! Fuck all that dumb shit  
I'll rip your arms off and use them shits for drumsticks  
Your mama in jail your father is frail  
Your sister a call girl duke 'gon bomb her and sell  
Uh! Sean don't know better  
A whole 'lot of cheddar Raekwon no low sweater  
The end of the verse, send me your purse you bitch!
