

## Another Disease

Oomph!

Baby - you knock me down like a fucking disease  
Baby - you work it out 'til I'm down on my knees  
Baby - you keep me down though I'm begging you please  
Baby - and now I know there's no fucking release

Dusk in my heart -  
Another day, another night  
Another ... bullshit! Another compromise  
Dusk in my mind -  
Another war another fight  
Another ... bullshit! Another false advice

Burn my head now honey!  
You're just another disease  
Burn my head now honey!  
Blow my brains out honey!  
Just like another disease  
Blow my brains out honey!

Baby - you burn me out like a fucking desire  
Baby - you spin me round and you set me on fire  
Baby - I want you now though I know you're a liar  
Baby - so ban my heart on a funeral pyre

Dusk in my heart -  
Another day, another night  
Another ... bullshit! Another compromise  
Dusk in my mind -  
Another war another fight  
Another ... bullshit! Another false advice

Burn my head now honey!  
You're just another disease  
Burn my head now honey!  
Blow my lights out honey!  
Just like another disease  
Blow my lights out honey!

Dusk in my heart, in my mind, in my soul
