## **Drop the Lie**

```
I will try - you will see
Don't deny - you and me
All - all of my lies
All - all of my tries
All - all of my lies
All - all of my cries
Let me try to sacrify
Let me try to drop the lie
Let me fuckin'
You have my empathy
Don't you cry - let me be
All - all of my lies
All - all of my tries
All - all of my lies
All - all of my cries
Let me try to sacrify
Let me try to drop the lie
Let me fuckin'
Let me drop the lie
```
